考研复试英语自我介绍范文1:

Good afternoon, teachers.

I am very glad to be here for this interview. First let me introduce myself. My name is abc, 25 years old. I come from Weifang, a beautiful city of Shandong Province. I graduated from Commercial College in July, 2001 and major in finance. Then, I was a teacher in abc. When I was a senior school student, I am interested in thought and began to read a certain classic work of Marxism, especially I finished reading "the florilegium of Mao ZeDong". From then on, I have dabbled in more and more theoretical works and accumulated great interests in theory study, especially in Marxism.

I have a dream, a dream of my study. I wish devote my whole life and energy into the development of the Marxism. If I have the opportunity to study in abc University, I'll dabble in as much as document about the specialty as possible. If it is possible, I want to get the primary accomplishment in my major, at least, a stable basis.

Personally, for today's China, the first task to the development of Marxism is a process of construction. That's to say, we should understand Marxism mostly from the aspect of construction and development of social society. Only when our socialistic country has a more rapid and balance development than the capitalistic, we can enhance the attractiveness and persuasion of Marxism eventually.
