I graduated from Commercial College in July, 2001 and major in finance. Then, I was a teacher in abc, When I was a senior school student, I am interested in thought and began to read a certain classic work of Marxism, especially I finished reading “the florilegium of Mao ZeDong”. I have a dream, a dream of my study. I wish devote my whole life and energy into the development of the Marxism. If I have the opportunity to study in abc University, I 'll dabble in as much as document about the specialty as possible. If it is possible, I want to get the primary accomplishment in my major, at least, a stable basis.

Personally, for today 's China, the first task to the development of Marxism is a process of construction. That's to say, we should understand Marxism mostly from the aspect of construction and development of social society. Only when our socialistic country has a more rapid and balance development than the capitalistic, we can enhance the attractiveness and persuasion of Marxism eventually.

Good morning, everyone! I am glad to be here for this interview. First, let me introduce myself to you. My name is Qin Jiayin. I was born on April 23, 1981. I am a local person. I am graduating from Jilin Normal University this June. I major in Chinese literature. I hope I could get the opportunity to finish my postgraduate courses in Jilin University which I have desired for a long time. I have the confidence because I have such ability! Reasons for taking postgraduate exams:

First of all, I love my major. Chinese literature is the symbol of the start of Chinese literary modernization. It plays an important part in modernization of our citizens' thoughts. What's more, modern literature is very close to our daily life and it can deeply reflect the styles and features of our society. I am fascinated by the great

masters ‘ refreshing or warm or profound styles as well. But I am not easily satisfied with such superficial knowledge. I hope I could have a better understanding in modern literature by studying further. This is a very important reason for me to take the postgraduate exams.

Next, I love the feeling in the university. It is full of youthful spirit. And I am deeply attracted by the scholarly atmosphere. And the most important, it ‘s my great honor to open my ears to your teaching.

Finally, I want to talk about a very practical problem. That is my dream of becoming a teacher in the university. I want to realize my dream and make myself to be a well-qualified person. I think the postgraduate studies can enrich my knowledge and make me competent in my future job.

That ‘s my simple and clear reasons why I took the postgraduate exams.

My university:

years. It shares many same characteristics with Jilin University. Both of them have a refreshing and scholarly atmosphere. Four years' studying there made me an independent, optimistic and strict girl. I appreciate the education my university gave me.

Thank you for your time!
